

TAG	ASA #	GeneticColor	FOOT NOTES
800	3468366	Red	Red baldy that puts calving ease, growth and maternal together well in a eye appealing package, CE***
805	3468391	Heterozygous	Unmatched EPD profile with a API and TI in the top 1 or 2%. Ratios: BW 110, WW 109, YW 110 CE****
809	3468395	Homozygous	Well balanced set of EPDs and good ratios backed by his grandmother that was one at the top for us
813	19105237	ANGUS	True curve bending spread Angus bull whos \$W is top 10%, CE ***
815	3468398	Homozygous	Easy fleshing type who's donor dam produced high selling bull in 2017
817	3468400	Homozygous	First calf heifer that goes back to the great 739 donor. Epds CE top 3%, BW, API, TI top 10%, CE****
827	3468409	Homozygous	Calving Ease, growth & maternal. Ratios: WW 113, YW 114, API 20%, TI 10%, 4.61 ADG, CE***
832	3468413	Homozygous	Out of a first calf Robust heifer with great udder quality will be fun to watch her mature up! CE***
833	3468414	Homozygous	Here is a pedigree that reads maternal in a real easy fleshing package. CE***
834	3468415	Homozygous	This pedigree and cow family gets me excited great growth with WW & YW ranking in top 10%
836	3468417	Homozygous	Moderate framed easy fleshing that has a ADG of 4.13
837	3468418	Homozygous	4 High growth ET brothers sell 837, 848, 856, & 862. This one has the highest ADG at 4.88
839	3468420	Homozygous	Biggest framed bull of the three ET brothers out of our 285 donor cow that produces easy fleshing type.
841	3468422	Homozygous	Here is a bull that I would keep replacements out of. Dam also has a good WW Ratio on 4 calves.
842	3468423	Homozygous	Pick of bulls at WW time ranking in top 1% for WW & YW with a milk in top 15%. Dam with top bull 2018
847	3468428	Homozygous	Weaning, yearly, & carcass is what this bull is all about! Ranking @ the top of the Simmental breed.
848	3468429	Homozygous	Another one of them Turning Point ET bulls, this one has the highest WDA @ 4.19 & yearling weight.
851	3468432	Homozygous	Out of a first calf heifer, who's dam has produced some of our top bulls in the past. Even set of EPD's. CE****
854	3468435	Homozygous	Maternal pedigree with calving ease, growth, added frame, & longevity in this cow family.
856	3468437	Homozygous	Turning Point embryo transplant bull with the largest frame to get them big cows bred up early.
857	3468438	Homozygous	Out of first calf heifer, which did well with Ratios: BW 106. WW 108, YW 107. CE***
858	3468439	Homozygous	WW top 10%, YW 5%, & 107 WW & YW ratios. Dam produced a high selling bull 2018 to Dakota Simmentals
860	3468441	Heterozygous	106 WW ratio from a first calf heifer. API in top 15%. TI top 25%, CE***
862	3468443	Homozygous	Turning Point is deceased & semen is pretty much gone. Wish we could make more of this type.
863	3468444	Homozygous	Out of a picture perfect Brilliance dam, that I think a lot of, she produced a high selling bull 2017 & a 4.3 ADG
867	3468447	Homozygous	Wrangler x Gold Mine is a great combination if you want to keep replacements & a whole lot more
868	3468448	Homozygous	If you are looking for a outcross genetics, take a look here the new El Dorado did a lot of things right!
869	3468449	Homozygous	Full brother was sold a couple years ago. This cross worked & the Wrangler cattle have growth w/a 4.44 WDA
878	3468458	Homozygous	Added frame with a WW top 10% Ratio: 107 WW, 104 YW. Grand dam was one of our top growth cows
879	3468459	Heterozygous	Top 4% WW & YW. ADJ YW 1512 & a 4.58 ADG from a first calf heifer.
882	3468462	Homozygous	Grand dam was a great cow that produced our Main Stay 739 donor. Gained well for a triplet!
885	3468465	Homozygous	111 WW ratio & ranks in top 10% WW, 15% YW. Dam produced a high selling daughter in North Dakota
886	3468466	Heterozygous	This maternal made pedigree traces back to the great Chiquita donor cow from Deiter Brothers dispersal.
887	3468467	Homozygous	I would take a whole pen of this type! Top 3% WW, 10% YW, Milk, TI. 15% API Ratios: 107 WW, 109 YW
894	3468474	RED	Red Purebred bull that offers a lot! Ranks top 10% for WW & YW. API top 3%. TI top 2%
895	3468475	Homozygous	Every bull calf this cow has produced has been in our sale & have done a lot of things right for the new owners
897	3468477	Homozygous	Great CE & BW ranking in top 10% with API top 10% & TI top 20% from a first calf heifer. 111 BW CE****
8101	3468481	Homozygous	Goes back to our 828 donor. Top 15% API, 20% TI Ratios: BW 108, WW 106, YW 104, 4.07 ADG CE***
8102	3468482	Homozygous	Grand dam produced our high performing bull 2018. Top 20% BW & CE. API & TI top 15% CE***
8110	3468489	Homozygous	This cow has produced a couple top end bulls in the past. Top 4% WW & YW Ratios: 111 WW, 109 YW
8114	3468493	Homozygous	High growth bull in the offering & top YW bull with a WW ranking top 1% with high carcass traits
8115	3468494	Homozygous	Purebred bull that offers a lot of CE, ranking in top 3% & a BW top 10%, API 20% with plenty of growth! CE***
8117	3468496	RED	This percentage red bull goes back to a cow that is still producing top end bulls at a 11 years of age. Longevity!
8118	3468497	Heterozygous	Here is a calf that came to the top with a ADG of 5.26 & 110 YW ratio!
8120	3468499	Heterozygous	Top 2% in WW & YW. TI15%. This 2nd calf cow is following in her mothers footsteps, Main Stay donor 739
8122	3468501	Heterozygous	108 WW ratio. Traces back to our Wally donor that produced a lot of power & performance!
8123	3468502	Heterozygous	Bigger framed bull that will add pounds! WW & YW top 10%. Ratios: 108 WW, 107 YW
8124	3468503	Homozygous	Out of first calf heifer sired by a Tanker son, back to our Goldmine donor. This worked well for backgrounding
8125	3468504	Homozygous	Natural calf from the cow that produced the high selling baldy bull in 2017!
8127	3468506	Homozygous	This pedigree, you should sell on the grid as both sires have advantages in carcass quality & REA
8129	3468508	Homozygous	I see a lot of longevity & maternal quality in this pedigree if your into replacements.
8134	3468513	Homozygous	First calf heifer was at the top of our replacements & I look for her to come to the top of our herd in the future
8137	3468515	Homozygous	Natural calf from our 11 year old donor that didn't get a fair chance was dry lotted all year to flush. 108 WW
8141	3468519	Homozygous	Mother has produced top end bulls over the years. Ranks high for CE, BW, Milk, API, & TI. CE****
			The following Embryo transplant bulls was raised by a coop herd in northern South Dakot
8146	3468524	RED	Stand out Red bull that has many friends since birth. Don't get any better! 1523 AdJ YW, 4.56 ADG, 4.14 WDA
8147	3468525	Heterozygous	These two flush brothers are so close, we don't know which one we like best. High growth, maternal, & eye
8148	3468526	Heterozygous	appeal. Can't go wrong with either one here nearly 800# WW, 1500# YW, over 4.0 WDA in a 6.7 frame
8152	3468530	Homozygous	This guy is from a different donor cow, will produce pounds with a 4.1 ADG & a little larger framed.
8153	3468531	Heterozygous	This is the largest framed highest WW, YW, ADG, & WDA of the flush brothers. Frame is Pounds!
